

# Increase Your Playing Power

## Objectives

*To improve a player's game without altering the golfer's technique!*

## What delegates will learn?

*Golfers will learn to improve their ability to perform when it really matters on the course, under pressure. They will learn simple tools and techniques that they can apply immediately to help their game. These new skills can be applied during their practice, preparation and during play. They can also be used when reflecting after their game.*

## How they will benefit?

*Delegates will improve their golf by without altering their swing!*

## The Playing Masterclass Golf School Format?

Each class is limited to 8 pupils. 'Practical sessions are combined with workshops and seminars that are designed to enable established golfers to improve their swing without the technical thought processes involved in traditional teaching methods. Each day is split into 5 sessions 3 of which are practical.
